TAILS & BEAU

The School Holiday Solution

Time to celebrate

What a joy it was to re-open our doors in July post lockdown. We prepared, planned and re-evaluated our systems at Tails & Beau to make our space and environment safe and fun for all. It truly was so wonderful to run our camp this summer. The children's faces said it all, and we enjoyed our time in 'bubbles' with daily themes. The outside space at St Andrew's has the most perfect garden. Daily outdoor activities in the fresh air were appreciated even more this time round. Thank you to you for your support.

Future Tails and Beau Dates

October 2020

26th – 30th October

December 2020

17th-18th Dec
21st and 22nd Dec

February 2021

15th – 19th Feb

We accommodate single days or week bookings.

Please book via info@tailsandbeau.co.uk

We decided to run daily themes this summer to give focus and added stimulation. We kick started the two weeks celebrating **National Moon Day** focusing on the eight phases. The children were engrossed. We spent lots of time studying **nature** and used the **outdoor garden** as a huge learning tool. We created bird feeders, made outdoor collages, magic nature wands and bug hotels. The **yoga, obstacle courses and sporting games** were a huge hit. Our **kindness day** showed no boundaries and the children were so proud of their carefully constructed bracelets. The **recycle and reuse day** enabled the children to reflect on different materials and where they come from, which sparked conversation about saving our planet and oceans. **Light of the world day** studied light sources and uses. The children loved decorating their **glass lanterns** with tissue paper. Finally the **embellish and decorate theme** taught children to be resourceful and creative whilst decorating their own bag.

We just can't wait to open our doors again in October! Please do get booking if you would like a space, as we will most probably be fully booked once again.
