

OCTOBER 2020

# TAILS & BEAU

*The School Holiday Solution*

## “My favourite colour is Autumn”

WOW – what fabulous attendance we had at Tails & Beau this October. We planned and prepared for this week for so long, and were absolutely thrilled to be able to run. We had a ‘huge’ marquee put up in the church garden, which provided a safe and dry space for our children. We are increasingly aware of how important the fresh air is, so we cleverly took Tails & Beau into the garden. Our bubble sizes were kept small as an extra precaution during this covid period, and increased our staffing to keep the children as safe as we possibly could.

Save the date Our famous Christmas Special

17<sup>th</sup> and 18<sup>th</sup> December

Please join us for our eagerly awaited Christmas Camp. Last year we reached our maximum capacity – we highly recommend booking early to reserve your spot.

## October round-up

The week started with an Autumnal theme, and the children enjoyed an action packed day making leaf mobiles, practicing Autumn yoga, listening to autumn stories and much more.

The outdoor space was used for games, forest activities, sport, scavenger hunts and golden time.

The ocean day on Tuesday and family activities on Wednesday were also huge hits with the children making a family tree, designing pebble portraits, crafting sea creature scratch art and practicing fine motor skills with the jellyfish beads.

Of course, we finished the week celebrating Halloween. Decorating pumpkins, making jump-up bats, creating scary window light displays and partying on the final afternoon in true Tails & Beau style.
